Superintendent

Superintendent's Message:

Our annual, reminding us of our cultural, educational, and social life, reflects the efforts of our school to prepare each pupil to take his place in our forward-striding society. Strengthened by the traditions of democracy and intellectual freedom, we strive to prepare boys and girls to meet the everyday problems of life.

Giley J. Knight

The Staff's Message

The activities of never-to-be forgotten school days are treasures to remember in future years.

Associating with others and making new friends are two of the many accomplishments that are achieved in addition to studying.

New problems arise daily that each child works out either for himself or with the aid of a teacher; this is a help to all of us. The problem solving experiences and other events we have in grade school become some of our happiest memories as we go through life.

Dreams of the future years are the utmost desires of the freshmen. Having completed the junlor year, the senior year arrives. The first months of the senior year seem grand; then the realization of having almost completed the school days saddens many seniors. Thus far in life, we
have been dependent on our parents or others for support; now we must face the realities of life alone. One door closes and another opens.

The school days, months, and years are filled with experiences -- many happy ones. All have to do with learning.

This, the thirteenth yearbook, is presented to the faculty and student body by the yearbook staff of 1961. We hope it will be a reminder of the pleasant events of the past and will grow in value as a record of the 1960-61 school year.

We come to the end of another year, and this yearbook records who were here. All the activities, the loves or hates, the undercurrents of thought, the spirit or lack of spirit are not here; these remain intangible; they are only imprinted in the individual's memory.

it is hoped that in years to come when you wish to think of days that are no more, you can turn these pages and relive in a small way a part of this period of intellectual and physical growth.

MUST BE SERVED!

And I'm the guy to do it! "Service" is my middle name. No matter who you are, I'm with you all the time. You probably don't think much about it, but I help you in dozens of ways, every day, . . at the flip of a switch.

Why waste YOUR time and energy in your home...on the farm...in the office or plant. I'm on duty 24 hours a day. I never take a day off-not even for holidays or Sundays.

And I'm the lowest priced servant in history. I work around-the-clock, around-the-calendar..., for only pennies per day

I'm stronger than a horse.... I travel at the speed of light... I'm "The Mighty Atom" in person... I'm.

YOUR MOTOROLA DEALER

Charlie, you all these many years but now looks like I am going to have to march with you. You and willy have treated me like a dog I hope you are happy. But teware her auxe de Chapie always seeks revenge and you and willy better bewase. and about that something in the annual well, I ought to shoot you. Dead. Don't tell me to stop or I'll preach for-ever; so I have said about enough for now. But even as mean as you are I still like you a little Good-byE and Good-riddance. "Chapie"
